## Proposal Letter – Retirement Plan

Good Day!

Retaining your most important asset – **your employees**, is a key component of your business plan. Hence, your company strives to motivate employees to stay longer. After all, retaining and motivating high-performing employees is more advantageous than going through the cycle of hiring and training new ones.

An excellent way to keep your valued employees is to plan and secure their future via retirement benefits. This is in compliance with Republic Act 7641-Retirement Law (Annex 1). Salientes Gonzalez Associates in partnership with FWD Philippines offers you its services with the following benefits to your company and business owners:

- **Full ownership and control of the invested funds**
- **Satisfies the minimum retirement benefits under Republic Act 7641**
- **Relief from financial strain in paying the compulsory retirement pay when an employee retires**
- **Contributions to the Retirement Plan are spread over several years, leading to a systematic accumulation of funds**
- **Maximize the growth potential of retirement fund through professionally-managed funds, thus increasing the assets sufficient to pay the benefits when they become due**
- **Covers employees for life and accident (mandatory) and critical illness (optional) – a big help when any of these unexpected events happen**
- **Motivates and retain employees to stay longer, builds goodwill**

Under this arrangement, an Employees' Retirement Plan is established by the employer through contributions to a Retirement Fund.

We would love to connect with you. Let an SGA Retirement Fund Specialist provide a **FREE ASSESSMENT** of your employees' retirement plan.
