Founded in 1965, its main goal is to make children's literature come alive through creative energy, enthusiasm and imagination – creating and bringing library works to children, youth and lovers of literature.

At the end of the 3-day seminar – workshop, the participants are expected to : 1) develop the culture of reading with a firm foundation on the love for reading; 2) acquire the art of teaching reading using the student's individual styles; 3) appreciate the use of storytelling as a means of reading promotion in the classroom, school libraries and the division library hubs; 4) write stories for children using the local indigenous materials; 5) recognize the school administrators as the prime mover in the promotion of reading, and lastly; 6) know the important role of school libraries and division library hubs in the promotion of reading and in the implementation of the k-12 program.

In this regard, may we request for an issuance of a memo from your office for wider dissemination of the above mentioned activity.
