Sir,

Good day in the name of public service !

First and foremost, I would like to extend my warmest and thanks to the department for the good services rendered to our society.

In line with the K -12 Basic Education Curriculum of the Department of Education. I would like to introduce our project for the students for them to manipulate such an activity ( Performance Work) that will enhance their creativeness in painting, such as combining primary colors and the proper application of colors to the objects.

Dear Superior, I'm heartfully asking your permission to allow us in entering the school premises in order to make our project possible.

This is ceramic painting – So simple, yet it is designed to express knowledge skills that will help child psychomotor and ability plus social development. This will also help them release their self- confidence and artistic side within.

They will have various options in selecting the most appropriate designs they would like to choose and will be provided the necessary equipment needed in painting.

Care will be taken to see that convenience is taken of for all the students.

Hoping for your kind consideration and benevolent support.

Respectfully yours,

  
DOMINGO C. DELA CRUZ
