SUBJECT: **SUBMISSION OF VISION AND HEARING ASSESSMENT FOR SCHOOL YEAR 2018-2019**

DATE: **September 18, 2018**

With reference to DO 43, S. 2011 – Strengthening the School Health and Nutrition Programs for the achievements of the education for all (EFA) and millennium development goals (MDGS).

The SHNP, a key component of the Department's thrusts, is designed to maintain and improve the health of schoolchildren by preventing diseases, promoting health-related knowledge, attitudes, skills, and practices. Aligning the SHNP with the DepEd's programs will keep it in step with its targets, and pave the way for a more systematic and holistic approach in the implementation, monitoring, and evaluation of its multifarious undertakings.

For this purpose, early detection of vision and hearing problems that require, referral, follow-ups or/and further medical attention will be established.

In line with this we are requesting all MAPEH teachers to submit the vision and hearing assessment report not later than October 18, 2018.

Immediate dissemination and compliance with this order is directed.
