Dear Dr. Rommel C. Bautista,

Greetings from American Technologies Inc.!

American technologies Inc. is a company that mainly concentrates in distribution of information technology solutions to create clients and schools. With more than 100 renowned brands, ATI delivers less than top quality and services to individuals, companies and schools. As part of HUION educational team, we would like to introduce to you our HUION product line by conducting a product presentation. The objective of this presentation is to introduce the technology of Huion products that will enhance your curriculum in Adobe software, Multimedia, Digital arts, Animation, 3D, Communication arts, Engineering, and other I.T. Related courses.

Wacom and Huion is the leading manufacturer of pen tablets, interactive pen displays and intuitive interface devices. Its ergonomic and convenient innovations by touch screen technology (human interface technology) will allow you to write and draw directly on screen better that any mouse or LCD output device. It is totally perfect for professionals, students, art enthusiast, engineers, doctors, and hobbyist.

Thus, we would like to request your good office to grant us permission for a workshop or demonstration to show you our product and discuss how useful it is. In behalf of the whole team, I hope for your confirmation and positive response about the matter. For any inquiries and concerns feel free to contact me at 584.7878loc. 4116.

Thank you and best regards,

Marie Pedrajas
