SUBJECT: Save the Children WASH Facility Improvement Interventions for New Schools

Dear **Dr. Bautista,**

Greetings from Save the Children!

Save the Children—the world's leading independent children's organization—has been working in the Philippines for over three decades, and is dedicated to helping children. We protect and support children in need. We save lives in emergencies. We speak up for children's rights. And as part of the Save the Children International network, we share a global vision and strategy for creating better lives for children in the Philippines and across the world.

Save the Children Philippines (SCP) has been implementing the Kids School Involvement and Empowerment (SHINE) project since 2015. Last year, on November 22, 2018 we conducted a Kick Off Meeting with the new partner schools as the project will have a one year extension. The meeting was attended by school head, school health and nutrition team, wherein we discussed key accomplishments and priority plans of the project, such as provision of WASH facility.

In line with this, we would like to request to have a one-day meeting on March 6, 2019 to discuss the WASH Improvement Plan of the new schools. With this we would like to invite the following personnel listed below to participate in this activity.
