SYNOPSIS:

Dido, a man in his mid-30s is working as an executive of a record label; one day, whilst in his office going through his daily work routine, he received a surprising call from the guidance counselor of his daughter's school, who informed him of an alarming news that his daughter penned a suicide letter in her notebook, apparently driven by a break-up with her boyfriend. Much troubled, Dido confronted his daughter about the said act. In effect, they both argued and thrown hurtful words against each other. Dido, due to anger, smashed against the wall Donna's favorite book and ripped off an event ticket which was a special gift for Donna by her dear mom. To make the situation worse, on that same fateful day, Dido even forgot that it was actually Donna's birthday. Donna, in deep pain, stormed out of the argument which left Dido remorsefully dumbfounded. Dido retreated to his room with a heavy heart having known that he deeply hurt his daughter. To make her daughter understand where he's coming from, he thought of sharing his story before he leaves for Japan for a business trip; so he switched on his laptop on that night and started recording a video relaying the story of his life.

Flashing back, Dido started off with his story about Mylene, his childhood sweetheart. Mylene, who's been Dido's life defender, is the definition of love for Dido at his early years. As they've wonderfully grown, same is true with their relationship. Mylene, to be together at all times, even recommended Dido to work in the same firm; and they indeed worked together, professionally and personally. As time passed by, their relationship was getting long stable so Dido felt that it was the right time to propose a marriage. With the help of family and friends, Dido prepared an extravagant venue for the proposal. Come the night of the proposal, Dido and friends planned to surprise Mylene. Ironically, Dido along with his family and friends were the ones surprised as Mylene rejected his proposal. Inevitably, Dido was shattered and so he ran off from the venue. While wandering, he spotted a bridge and thought of ending his life. He got off the car, went to the bridge, about to end his life then his attention was strikingly caught by an old looking but beautiful lady. Instead of jumping off, he decided to meet her. The lady accommodated and so they went off and started a new adventure. They had overwritten and bonded over life problems. In the morning, following the night of having met the lady, Dido reported to work, still devastated, discovered the reason why Mylene rejected his proposal... and that was because she was having an affair with Dido's boss... Dido's feelings then just went flat line...
Dido, to forget the pain, met with the lady from the bridge once again and asked her to tag along, go places, and together, get lost with the adventure... and once more, give life another chance. The lady happily accepted, after all, she thought of life as "YOLO" i.e. "You Only Live Once". Spectacular places, they visited. Dido even dressed up the lady very specifically and nicely. The lady felt extra special.

Both felt joy, solace and comfort... and found a wonderful escape (from life) with each other... then hearts started beating as one... until they both can't help but fell in love...

Dido, having found love after almost giving up in life, wanted to deliver a more special gesture for her most special lady. She arranged a romantic dinner by the beach. While preparing by the beach, and the lady prepping up in the room, the lady accidentally discovered Dido's plan from his opened laptop. The lady with tears overflowing, saw the video Dido recorded on the same night she planned to commit suicide, at the same bridge they met, that he will relive the special moments with Mylene. The same special moments (including outfits and every little detail) she and Dido went through for an adventure. Painfully, the lady walked out. A little too late, Dido ran after her but he was hit by a car... then suddenly everything went dark... in the hospital, Dido woke up. By his side, are his family and friends. He stayed in the hospital and was taken care of by a sweet and nurturing nurse... who eventually became the mother of his daughter, Donna.

Back to present, and finishing off the video recording, Dido thanked his daughter and genuinely expressed that the greatest lady in her life and equally the most precious is indeed her. Filled with love and hope, and refusing to waste another moment, Dido decided to cancel his business trip to spend time with his daughter. He hastily ordered two tickets for the same event which ticket he previously ripped off, and presented to Donna as his loving peace offering. The father and daughter, together, attended the event... Dido having a good time with Donna... is again surprised by life (optimistically). In the event, he met the writer of her daughter's favorite book, "Weekend with Elvis" and she is the same odd and beautiful woman he met at the bridge, he coined a name, Madonna with him being Elvis. The book, her daughter's favorite, was actually the story of Elvis (who is him) and Madonna (who is her, the lady at the bridge).

Really, truly, love is the greatest of all beyond words and understanding... when we are lost, love will find us back... At a glance, here's LOVE. LOVE...
